William C. Scott PC Candidate For Victoria-Haliburton Riding

Comments by Liberal candidate David Logan on what Mr. Logan last week called the Conservative two-nation theory was described last Wednesday at the Progressive Conservative Nomination Meeting held at the Academy Theatre in Lindsay as "hog-wash".

William Scott, who was nominated as Conservative standard bearer for the June 25th Federal Election, told the 750 persons in the audience at the Academy Theatre that he should put people clear on the issue. He said "deux nations" means two founding nations but it does not mean two separate states within a nation.

"I am a strong advocate of one Canada and I always have been", Mr. Scott declared. "Don't swallow any of this hog-wash about two nations". He added, "No one is more proud of Canada than I am".

Of the 750 persons at the Nomination Convention, 574 were registered delegates.

Mr. Scott, in a fiery speech, rejected Pierre Elliott Trudeau as the leader of the country and attacked the Liberal Party policy. "We have to bring back maturity and a sense of values to the Canadian political scene", Mr. Scott told his listeners.

He said the issue in the present election resolves itself in the question of which of the two major parties in Canada can better carry out the policies the country needs at this time.

The candidate, who was unopposed in his bid to represent Victoria Riding in the election, told his listeners the Pearson Government was subjected to a credibility test and it failed. "The question now is whether the government becomes any more credible through the addition of Mr. Trudeau."

He said Mr. Trudeau was an integral part of the Pearson performance and Pearson policies.

"Mr. Trudeau was a member of the Government which attempted to shove down the throats of the people of the provinces a political medicare policy which they neither wanted nor could afford", said Mr. Scott, who added Mr. Trudeau was a member of the Government defeated in Parliament on a major taxation policy, which refused to relinquish power.

"It is difficult for some of us who saw and heard Mr. Trudeau on that occasion to recognize in him the apostle of freedom and individual liberty which we are now being asked to accept", said Mr. Scott.

He stated Mr. Trudeau went along with the policies, the blunders and the ineptness of the Government, and asked if there was any reason now to suppose he intends to offer anything different. Mr. Scott added that

any cabinet changes which have taken place have tended to weaken rather than strengthen the "agglomeration of futility" that was the Pearson Government. "He has lost — through dismissal or inability to hold them — his strongest Ministers."

He said Trudeau goes into the election dragging with him the ghosts and skeletons of the Pearson administration. But Mr. Stanfield goes with free hands and with the capability of putting together a government that will truly represent the needs of the nation. "Stanfield does not face the liability of the Sharpes, Hellyers, Drury's and other hangers-on from the Pearson regime."

"Let it not be forgotten that this was the group which perpetrated upon Parliament a second act of violence comparable to the pipeline arrogance", the candidate said.

He said the Pearson Government was defeated in Parliament on February 19 on a basic matter of Government taxation policy, but they refused to accept the verdict of Parliament. "This marked the first time in our annals that a government, defeated on a major issue, refused to accept the verdict of Parliament", said Mr. Scott.

Mr. Scott told his audience the Progressive Conservatives could not, as a responsible opposition, endorse the Government's course of runaway inflation. If his party had endorsed the policy, said the candidate, "we would have been miserably in dereliction of our duty as representatives of Canadian taxpayers from coast to coast".

"That is Mr. Trudeau's dilemma. He is now in a position where, on account of this Government's inability to control expenditures, or even put them on a priority basis, a further and heavy tax increase stares Canadians in the face in the immediate future."

Mr. Scott said the Pearson Government did not dare bring down a budget because if they had, the first thing they would have had to do would have been to impose an immediate 10 percent tax increase to meet their extravagance.

He said the Government's policies would cost the taxpayers \$11 billion this year. "Surely this is the new Prime Minister's first task — to tell Canadians what this Government is doing with \$11 billion of the taxpayers' money", he said.

"Someone has to earn and replace that money. It is being siphoned out of the nation's production. It is stealing away from Canadians the greatest prosperity this nation has ever known, deriving from the fact that this

world has known for the first time a new generation of men without a world war; and that peace and prosperity are synonymous with a nation possessing the resources which are in demand all over the world."

He concluded: "We have got to get back to Government which will take cognizance of the economic facts of life".

Constable Believed Drowned

MINDEN (ENS) — Redstone Lake, 27 miles northeast of here, is being dragged this week in a search for a Royal Canadian Mounted Police Special Constable last seen late Tuesday afternoon.

Fred R. Escott, 44, of 475 Kingswood Road, Toronto, was last seen by a neighbouring cottager. His small plywood boat was found about 9 p.m. running in circles on the lake with the motor running.

Minden Ontario Provincial Police Detachment said Mr. Escott was believed to have drowned. His wife and family were at their Toronto home when notified.

Fire Works Display Held At Wilberforce

Approximately 500 people gathered at the Ball Park in Wilberforce on Sunday evening to watch the glittering display of fireworks when the Monmouth Volunteer Firemen were hosts to the citizens of the district.

This certainly was a fine effort on the Fire Department's part, and it once again showed the public spirit displayed by this fine group of men.

Channel 5 On This Weekend

For the past month or two the reception from the C.K.V.R.-T.V. Satellite Station Channel 5 at Haliburton has been anything but satisfactory.

This week the Echo was in conversation with the engineering department at C.K.V.R. at Barrie and they informed us that at the present time they are making necessary repairs to part of the transmitter, and that the Satellite Station will be off the air until this coming weekend when they hope to have it back in operation.

Well Known Citizen Passes On

Many of us lost a fine friend and neighbour on Monday when Mrs. May Thayer passed away in Peterborough Civic Hospital. The deceased had been in poor health since November of last year.

We join with other acquaintances from all over this area in extending our sincere sympathy to the immediate family at this time.

Lucky Winner

On Saturday evening, May 18, the Kinsmen Club of Minden held their final draw for \$1,000. The lucky winner was Mrs. Evelyn Payne of 67 Darlington Crescent, Bramalea, Ontario. Reeve Charles Brandon made the draw.

From all reports the Club intends to have the Marathon Draw again this year.

The Election Is On

We are now in the midst of an election campaign with three candidates in the field, and although their policies may differ they are all excellent men.

As in the past we will try to give our readers an account of what the said candidates think, say and do. One thing you may be sure of is that we will not be telling you how to vote; that is strictly up to you.

In area this riding is one of the largest in Ontario due to redistribution, which has added parts of Hastings and Peterbor-

ough Ridings to this constituency. Just what this will do to the voting pattern remains to be seen.

The more one reads the papers and watches television he or she will not find it hard to convince themselves that today we are fortunate to be Canadians.

We earnestly hope that whichever party is elected on June 25 that conditions can be improved to provide us with even a better Canada, providing a decent standard of living to all who reside within her boundaries.

High School Has Adopted A 12 Year Old Greek Girl

The Haliburton Highlands Secondary School of Haliburton has adopted financially Despina Varouti, a 12-year-old Greek girl, through the Foster Parents Plan, P.O. Box 65, Station "B", Montreal.

The sponsoring means new hope and a chance in life for the child, who otherwise appeared doomed to a life of helpless poverty in one of the world's depressed areas.

More than 9,000 children in nine underdeveloped countries now are being cared for through Foster Parents Plan by individuals and groups in Canada. They contribute \$16 monthly to the

child's support and exchange letters each month, with translations both ways supplied by the Plan.

Canadians who are Foster Parents include the Pearsons, the Diefenbakers, the Stanfields and many other well-known persons. They also include many ordinary people with love in their hearts and a need to share it with others less fortunate.

A Toronto couple, Mr. and Mrs. Roger Sammon, applied for a 10-year-old Greek boy because their own 10-year-old died tragically in an accident. "We want to get to know him through letters and give him the chance our own son never had", said the father.

McPhail Runs For N.D.P. In Victoria-Haliburton

Once again the Victoria-Haliburton Riding Association of the New Democratic Party has chosen Alan McPhail to carry their banner to the public. The Canington high school teacher was

ments made by the Liberal candidate, Mr. Logan was credited with the statement, in print, quote: "Pierre Elliott Trudeau has done more to stabilize this country in two weeks than any other Prime Minister in this century". Mr. McPhail pointed out that Mr. Trudeau has done nothing to date and that such a statement amounts to an admission that the Liberals have given us sixty years of non-government.

Dare we trust them with another term in office? These people who have promised for years to bring our country into its rightful place, but can't even make an honest effort to protect us from pollution.

Mr. Logan accused both the New Democratic Party and the Conservatives of paying lip service, to the need for more cultural rapport between the English and French speaking segments of our country, in order to appease the French. In answer to which Mr. McPhail reminds us of the dismal record the Liberals have built, since 1869, as the great appeasers of Quebec.

Mr. Logan says that his party will give us the right to live wherever we please in this great country, a right we already have. But Mr. McPhail points out that he has neglected to tell us how he proposes to provide jobs and homes in awkward segments of the country. Thus far the Liberals and Conservatives have both failed miserably in all attempts to improve the lot of people in areas of lighter population, both federally and provincially.

Our own area is one of the most needing and deserving areas for government aid in populating and developing. But we receive practically no help. On the provincial financial development map Haliburton County is shown as an area which is losing population, and Victoria County is shown as having development and population gain of 50%-70% below the provincial average.

Mr. Logan and Mr. Stanfield, to their credit, have at last discovered that there are poor

HALIBURTON NEWS LETTER

The Haliburton Highlands was again host to a great many guests over the holiday weekend, and even though the weather could hardly be termed ideal it was not as bad as the weather forecasters had predicted. If last weekend is any indication, we feel that we can look forward to a very busy summer all the way round.

We never hear a word regarding the proposed sewage and waterworks systems for the village of Haliburton. Surely the "Please Do Not Disturb" signs are not out again.

The Dysart Arena is getting a facelift in the form of a paint job. The new white coating is a great improvement over the dull grey appearance of the exterior of this fine sports centre.

We are pleased to hear that Mr. Marshall Leighton, who re-

cently underwent surgery in Royal Memorial Hospital, Lindsay, is making a satisfactory recovery. His many friends hope to see him about the streets of Haliburton in the very near future.

Many complaints are being voiced with regard to the telephone service that they are receiving at present. Apparently the present condition will be with us for some time yet. More phones, changed numbers and reduced staff only can add up to one thing, in this case slower service. Those who rail at the operators because they are kept waiting for a few moments are just delaying others from getting more prompt service. Those persons who pick up their phones and have to wait a half minute and hang up before the operator can say "Number Please", are certainly not helping out the operators or themselves as far as service is concerned.

Power People—Helicopter Pilots

Helicopters patrol Hydro's thousands of miles of transmission line. Pilots fly machines slightly above and about 50 feet from lines placing their observers in an ideal position to spot potential trouble.

Ontario Hydro's helicopter pilots safeguard the 19,500 miles of transmission line linking the Commission's wide-spread generating stations. This involves regular preventative maintenance patrols by pilot-observer teams and the airlifting of men and equipment to the location of trouble if one of these vital power arteries is knocked out. Before 1949, when line patrols took to the air, inspections were usually done on foot. It was a slow, uncertain, and costly method. Repairs in inaccessible places often took weeks. Now, at a quarter of the cost, helicopters make more frequent inspections and put observers in a much better position to spot potential trouble.

The machines save a million dollars a year on line patrol alone and many other uses have been found for them. They're used for such jobs as placing poles, stringing lines and most recently, lowering linemen to the tops of towers. Hydro 'copters have hovered over dangerous rapids to take depth soundings, ridden herd on Lake Erie ice and fought forest fires. During spring breakup, when ground travel in the Ontario north becomes almost impossible, helicopters are often the only means of transportation for Hydro's construction and engineering forces.

Emergency and mercy flights are sometimes undertaken. Last year a 'copter assisted in the rescue of

Hydro's ice-breaking tug, Niagara Queen, when she ran aground in the Niagara River a couple of miles above the falls. They've searched for bank robbers near Metro Toronto, sped an expectant mother to hospital, plucked people from rooftops during a flood, alerted occupants of a burning house and assisted in a highway accident.

The economies and usefulness of Hydro's helicopter fleet are reflected in its size—the Commission now has 12 machines.

Helicopter pilots working with their observers and other Hydro people perform many valuable services—but most important, they make sure energy keeps flowing through Hydro's vital power arteries.

LIFE'S LITTLE PROBLEMS

Nothing trivial this week. I'm going to ask, and answer, some questions about the more profound aspects of life. If you don't like the answers, supply your own.

When is a politician, during an election campaign, going to promise the populace the moon, and then remind us out loud that it is we, not some other-worldly essence called The Government, who will have to pay for it.

Answer: When we find out, which may be any day now, that the moon really is made of green cheese, after all.

Why are teenagers so often so unbearable? Because, like babies, they have learned quickly that the best means of getting attention is to raise a stink, literally and figuratively.

What happens to my socks? Every time my wife washes, I lose one sock. Never a pair; always singles. Just checked my drawer, and I have nine single socks, no two matching. They're about as useful as antlers on a rabbit.

Answer: There is a little man with a bizarre taste in socks built in to these new-fangled automatic washers or dryers. It never happened with the old up-right and the clothes-line. At least the dealer could tell you, before you bought the machine.

Solution? Buy all my socks the same colour. But this would spoil my image. I've always been noted for my dashing socks: gray, light-gray, dark-gray, dark-blue or black.

Where did this vile canard begin that men are babies when they are sick? They're supposed to be whining, querulous, demanding sympathy. This is poppycock, at least in our family. Hugh and I want only to be left alone when we're ill. It's the females who talk endlessly about how they feel, discuss every twinge, demand fresh tea every half-hour and complain about the slowness and sloppiness of the service. After three weeks of it, I know.

Why do black people loot during riots? For the same reason white people do: partly to get something for nothing; partly for

the sheer hell of it.

What has Pierre Elliott Trudeau, who is older and has even less hair, got that I haven't? Not much, really. Except a million dollars, a brilliant mind, bags of charm, no family shackles, and a couple of million females who would like to be his mother, wife or in a pinch, sister.

Why are so many draft-dodgers coming to Canada? First, because they don't want to defend the U.S. and rot or be shot 10,000 miles away in a jungle. Second, it's too hot in Mexico and they don't know the language.

Why is it warm and sunny all week, cold and rainy on weekends? Because the weekend is the only time you have a chance to golf or fish, that's why.

Why all the fuss and admiration about the teenagers marching for money on May 4th? They had a ball. Try to sponsor one into marching around behind a lawnmower, with proceeds going to the underprivileged of the world, and see what response you get.

When are the clots in this country going to stop cutting down avenues of beautiful trees in towns and cities in order to widen roads and create speedways? Never, unless we non-clots start a holy war about it.

When are governments going to get rid of that vast, strangling afterbirth of a bureaucracy? Answer: When there are only 300 people left in the country who are not working for the government.

How many people would stop smoking if weeds went up to \$2 a pack, or drinking if booze went to \$12 a crock? About as many as a one-armed man with a wooden leg could count on his toes and fingers.

Why is teaching school like washing dishes? There's always another stack coming along, unless you want to stop eating.

Any more questions? No? Well, I guess that clears up a lot of things that have been bothering you.

IN MEMORIAM

COUMBS — In loving memory of Darryl Coumbs, who passed away on May 28, 1967. His weary hours and days of pain, His troubled nights are past, And in our hearts he lives on. He has found sweet rest at last.
—Sadly missed and always remembered by Mom and Dad.

COUMBS — In loving memory of Darryl Coumbs, who passed away on May 28, 1967. He is gone but not forgotten. And, as dawn's another year, In our lowly hours of thinking, Thoughts of him are always near; Days of sadness will come o'er us, Many think the wound is healed, But they little know the sorrow That lies in the heart concealed.
—Sadly missed and always remembered by sister Judy.

COUMBS — In loving memory of Darryl Coumbs, who passed away on May 28, 1967. Days of sadness still come o'er us, Tears in silence often flow; For memory keeps you ever near us, Though you died one year ago.
—Sadly missed and always remembered by Marlene and Butch.

COUMBS — In loving memory of Darryl Coumbs, who passed away on May 28, 1967. O happy hours we once enjoyed, How sweet their memory still, But death has left a loneliness The world can never fill.
—Sadly missed and always remembered by Grandma and Grandpa.

HAGUE — In loving memory of a dear wife and mother, Margaret Hague, who passed away May 24, 1965. Sometimes it's hard to understand Why some things have to be, For God in His wisdom has planned Beyond our power to see. She left us quietly, her thoughts unknown, She left a memory we are proud to own; So treasure her dear Lord in your garden of rest, When on earth she was one of the best.
—Sadly missed by husband Noble, daughters Marjorie, Enid Eunice, son-in-laws Wally and John, and grandchildren Stanley and Teresa.

HELLEMS — In loving memory of a dear Husband and Father who passed away May 24, 1960. O happy hours we once enjoyed, How sweet their memory still, But death has left a loneliness The world can never fill.

IN MEMORIAM

LITTLE — In loving memory of a dear friend, Patricia (Pat), who passed away May 14, 1966. We often think of those happy days.

When we were all together, The way she smiled, The little things she said and done.

Are with us all the while. Without goodbye she fell asleep, She left a memory we are all proud to keep.

—Sadly missed and always remembered by friends Lenord Stamp and Carleen Sisson (nee Stamp).

NEIMANN — In loving memory of Mother, Emma Marie, who passed away May 24, 1967.

A year has passed, dear Mother, Since you were called away, How well do we remember That sad and weary day.

Suffering much, you murmured not, We watched you day by day As your life it faded away; We prayed that your dear life, Mother,

Would not be taken away.

—Sadly missed by son Emil, daughter-in-law Annie and Family.

SHAW — In loving memory of a dear father, Frederick J. Shaw, who passed away three years ago May 19, 1965.

Years go on but memories stay As near and dear as yesterday, Deep in our hearts a memory is kept.

Of one we loved and will never forget.

—Always remembered by daughter Glenda, Husband and Family.

STAMP — In loving memory of a dear grandmother, Margaret Stamp, who passed away May 23, 1961.

Your life was love and labour, Your love for your family true; You gave your best for all of us, What more could anyone do, No morning dawns, no night returns,

But that we think of you; You left us quietly, your thoughts unknown, But you left us with a memory we are proud to own.

—Lovingly remembered by granddaughter Carleen, husband Darol and great granddaughter Melanie Jean.

CHURCH NEWS

RUTH DRYDEN MISSION CIRCLE

Fourteen members of the Ruth Dryden Miss Circle met in the Church on Tuesday evening, May 14.

A hymn "Work For The Night Is Coming" was followed with prayer by the President, Eva Howe.

Preceding the minutes, May Ward gave an interesting reading entitled "Faith and Work".

The members were invited to a panel discussion on the subject "Is There A God?" to be held in the United Church on Monday, May 27 at 8:30 p.m.

It was decided a cleaning bee would be held at the Church on Tuesday, June 4.

A business period followed, during which several letters were read and discussed. Our June meeting will take the form of a Family Pot Luck Supper.

Mission Highlights were given by Ruby Roberts and followed with a prayer session.

A Project Period was observed during which labels were sorted, stamps cut and used children's clothing mended and packed for Indian children.

A Devotional entitled "Five Barley Loaves", in keeping with last Sunday's observance of Mother's Day, was presented by Betty Salvatori. The old familiar story was seen in a different light as we consider the part played by the little lad's mother. Every boy and girl should have something to give Christ. Every mother should make sure that her boy or girl has something to give. The barley loaves were received from his mother; they were given to Jesus; they were

blessed by the Master; they were distributed to a multitude. When the barley loaves were blessed they became sacramental. How wonderful for the mother to give that which the Lord can use as a sacrament, which can satisfy the hunger of a multitude! Using the figure of the barley loaves, we can see five things which a good mother might give to her child: 1. A sense of law and order; 2. Reverence for life; 3. Appreciation of values; 4. An ideal of character; 5. Knowledge of God. In one of his books, John Galsworthy reports young Jolyn's question to his father: "Do you believe in God, Dad? I've never really known". One can easily guess in Jolyn's home there was no religious conversation, no Bible reading, no family prayers, no sense of the presence of God, no church interest or loyalty. And yet the greatest need of the child was to know God. There is deep hunger in the soul of the child for this barley loaf. There is no more uplifting feeling than to see one's child, now grown to manhood or womanhood, facing the tasks of life completely, adequately, gallantly, in a Christian spirit and to know that you had something to do with equipping him or her for them.

After the repeating of the Mizpah Benediction the members enjoyed a time of social fellowship, as they were served delicious sandwiches and cake by hostesses Irene Roberts and Stella Walker.

WILBERFORCE U.C.W.

The May meeting of the Wilberforce U.C.W. was held in the home of Mrs. Garff Hughey, with

an attendance of 14.

A fine devotion was presented by Mrs. James Outram, on the theme "Love Thy Neighbour".

After the usual business the Secretary, Mrs. K. McAllister, regretfully tendered her resignation, due to the fact that she will be leaving the community. Mrs. Outram was elected to succeed her.

Mrs. Earl Smith reported on the U.C.W. Workshop which was recently held in Norland.

The date for the Bazaar was set at July 13, and some attractive articles were displayed.

Being the Mother's Day meeting, a talk on a famous mother, Mrs. Martin Luther King, was given by Mrs. K. McAllister.

Refreshments were served and a social hour enjoyed.

SALVATION ARMY RED SHIELD APPEAL

If the Salvation Army's current Red Shield Appeal were to end right now, The Salvation Army in the next twelve months would only operate two-thirds as effectively as citizens of Haliburton expect it to operate.

Captain Lorraine Luxford, local head of Army activities, made this statement yesterday when revealing that the Appeal was well underway. The objective is \$2,073.00, and Captain Luxford expressed the hope that canvassers and contributors alike would move "full steam ahead" towards this goal.

Campaign Chairman Roy Brohm said that giving was in excess of last year's average, and he was confident of success.

OBITUARY

CHARLES SCOTT

Charles Scott entered into rest at the Hyland Crest Senior Citizen's Home, Minden on Friday, May 3, 1968, after a lengthy illness. He was in his 79th year.

A son of the late William Scott and Ida Palmateer, he was born in Cardiff Township. He spent most of his life in Harcourt.

Mr. Scott was a member of the Highland Grove Orange Lodge for many years, and was made an honorary member. He was also a Black Knight of Haliburton Lodge some years ago.

Snowdon Council

The regular meeting of the Snowdon Township Council was held with the Reeve and all members of Council present.

The minutes of the April meeting were read and adopted on a motion by Gerald Hicks, seconded by Grace Simmons.

The estimates and mill rates were presented to Council; these were discussed fully. The mill rate is up considerably from last year due entirely to the large increase in Public School cost, with the High School and County both up from last year. It was then moved by Steve Hancock, seconded by Gerald Hicks, that the mill rate as presented be approved.

Moved by Ralph Young, seconded by Gerald Hicks, that the Clerk purchase ten (10) tons of calcium.

Moved by Gerald Hicks, seconded by Ralph Young, that the Clerk write to the Department of Municipal Affairs regarding Road Closing By-Law.

Moved by Grace Simmons, seconded by Gerald Hicks, that the Road Voucher No. 4 in the amount of \$598.42 be paid.

It was then moved by Ralph Young, seconded by Grace Simmons, that the meeting be adjourned until June 5 at 7:30 p.m.

Some people hesitate to say what they really believe. But not Bill Smiley. He's not one to think one thing, say another.

That's why you can count on his column, every week in this newspaper, to take a stand that's either opinionated, controversial or even irreverent—but always original.

Bill Smiley is Canada's most widely syndicated newspaper columnist. He's 44, has a wife, two children, and a mortgage. He once published a weekly newspaper, but is now a high school teacher—which he compares to working in a steel mill.

If you appreciate candid commentary on things Canadian, stirred with a dash of humor, a good measure of healthy scepticism and a perceptive understanding of your fellow man, you probably already read Bill Smiley's column. If you don't, you should. Look for it every week in

McPhail Runs

people and rich people in our country. And that the rich are getting richer, while the poor get poorer. Now they both claim to have found a messiah within their parties to change this, an old promise still unkept. Mr. McPhail asked why we should trust them to correct this horrible situation, when their parties created it and fed the monster.

On a lighter vein Mr. McPhail noted that it has become fashionable for a politician to build a sex image for the lady voters. He regrets that he can only offer a fat man, a sort of Sidney Greenstreet. But he feels that he has an advantage over Mr. Trudeau, in that he is in the dangerous forties and has a nice moustache. He asks that any ladies who are overwhelmed by the desire to kiss him in public confine themselves to kissing his cheeks.

Mr. McPhail noted that it has been suggested to him that if he wants a seat in Parliament he should seek the Conservative nomination. A thought he completely rejected because neither the Conservative Party nor the Liberal Party have, in his view, done anything for the country and have badly let down this Riding of Victoria - Haliburton.

Mr. McPhail stated, in closing, that he does not claim that he or the New Democratic Party are infallible. Only that he feels his party has far more to offer the people of the Riding and the country, than either of the other parties.
